Research Opportunities Related to the CVRN Project: Atrial Fibrillation and Venous Thromboembolism

Margaret Fang, MD, MPH
Associate Professor in Residence, Division of Hospital Medicine
University of California, San Francisco

Learning Objectives:
1. To be aware of the CVRN atrial fibrillation and venous thromboembolism studies as opportunities for research

Inpatient Hyperglycemia: Rational Approach at a Time of Uncertainty (An Update on Inpatient Diabetes Management at UCSF)

Robert Rushakoff, MD, MS
Clinical Professor of Medicine
Medical Director of Inpatient Diabetes
Department of Endocrinology, Metabolism, and Osteoporosis
University of California, San Francisco

Learning Objectives:
1. Appreciate the reasons for current goals for glucose control
2. How to initiate insulin and then overcome therapeutic inertia
3. Discuss current issues specific to UCSF inpatient glucose management

Accreditation
The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

UCSF designates this educational activity for a maximum of 1 credit toward the AMA PRA Category 1 Credit(s)™. Physicians should only claim credits commensurate with their participation in the activity.

Faculty Relationship Disclosure
Drs. Fang and Rushakoff has disclosed that they (or spouse/partner) do not have a personal financial relationship in the last 12 months with the manufacturer of products or services discussed in this presentation.

Commercial Support Disclosure
No commercial support was received for these Grand Rounds.

You must sign in to qualify for CME credit.
