Date: Tuesday, October 11th, 2011
Time: 4-5 PM
Place: M1296
Speaker: Amir Jaffer, MD
Title: New Anticoagulants: Opportunities, Challenges, and Practical Considerations

“New Anticoagulants: Opportunities, Challenges, and Practical Considerations”
Amir Jaffer, MD
Associate Professor of Medicine
Chief, Division of Hospital Medicine
University of Miami Miller School of Medicine
Vice Chair, Patient Safety, Quality & Compliance

Learning Objectives:
1. Outline approved indications and opportunities for the new anticoagulants using the evidence from clinical trials
2. Highlight common clinical scenarios surrounding the use of these new drugs
3. Describe limitations and practical considerations when using these anticoagulants

Accreditation
The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

UCSF designates this educational activity for a maximum of 1 credit toward the AMA PRA Category 1 Credit(s)™. Physicians should only claim credits commensurate with their participation in the activity.

Faculty Relationship Disclosure
Dr. Jaffer received grant research support from AstraZeneca and served as a consultant with the Canyon Pharmaceuticals, Boehringer Ingelheim, Sanofi Aventis, Daiichi Sankyo, and Johnson. Conflict of interest has been resolved.

Commercial Support Disclosure
No commercial support was received for these Grand Rounds.

You must sign in to qualify for CME credit.
